SUMMARY

Full-Stack web developer with experience in client relations, administration, and systems analysis. A natural problem solver with excellent language skills; including listening, comprehension, and clear expression. Excels in a position that involves solving both daily problems with a high level of detail as well as larger, more complex issues.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, jQuery

Applications: Visual Studio Code, Google Chrome Developer Tools, iTerm2, Git, Node.js, MySQL

PROJECTS

Weather Dashboard - <https://judeclark19.github.io/weather-dashboard/>

Use this simple weather app to view the current weather conditions, as well as a 5-day forecast, for the city of your choice.

Coding Quiz - <https://judeclark19.github.io/coding-quiz/>

Try to answer questions about JavaScript within a given time limit. Incorrect answers will take 10 seconds off the clock!

Workday Planner - <https://judeclark19.github.io/workday-planner/>

Use this planner to write down notes for your upcoming day. Contains one text block for each hour between 9am and 5pm.

EXPERIENCE

Executive Assistant to the CEO

August 2018 - October 2019

Jar House (Atlanta, GA)

- Assisted with ETL of property data for company-wide shift to Salesforce.
- Built custom Salesforce report types to manipulate complex object relationships and produce reports for various departments' needs.

Patron Services Manager

November 2014 - June 2018

Seraphic Fire (Miami, FL)

- Served as the primary point of contact for all external communications, handling all patron interactions with the highest level of professionalism.
- Managed Salesforce database of all donations, donors, and ticket buyers. Assisted with data migration through two complete software transitions of a database containing about 30,000 contacts.

EDUCATION

Full Stack Coding Bootcamp Certificate — Georgia Institute of Technology

AUGUST 2020 - NOVEMBER 2020

Bachelor of Music, Music Composition — University of South Carolina

AUGUST 2010 - MAY 2014, Summa cum laude
